

TRANSPORT PROPOSAL

TRANSPORTATION VEHICLE PROPOSAL

VISION & CALLING

MINISTRY IMPACT

THE NEED

Vision & Calling

Crowns Worship Ministry exists to raise a generation that carries the presence of God and to **renew the foundation of worship in Nepal.**

A new generation is rising, a generation called to transform the culture of faith in Nepal through authentic worship, discipleship, and wholehearted devotion to God. Crowns Worship Ministry is committed to training worshippers, equipping leaders, and building communities where people can genuinely encounter the presence of God.

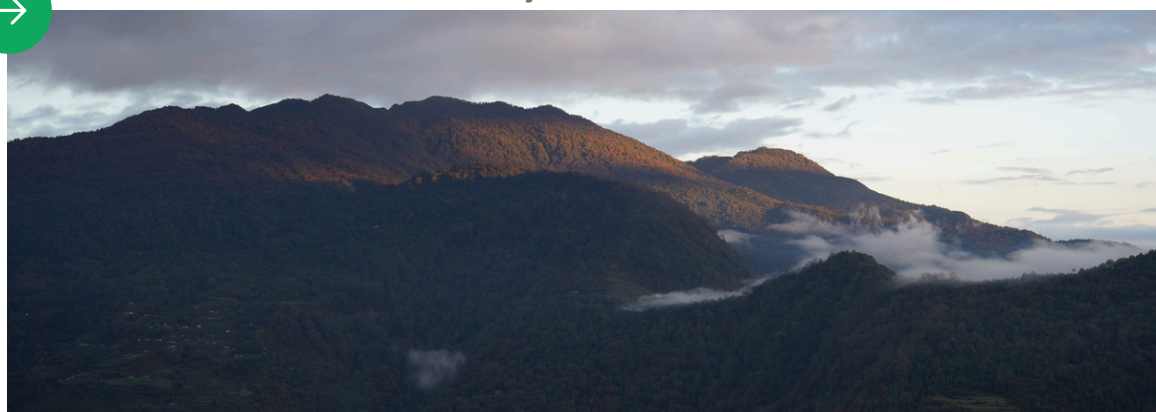

Through worship, spiritual formation, and discipleship, the ministry is preparing a generation to carry God's presence boldly, live with purity and unity, and bring revival to Nepal.

Ministry Impact

As times are changing, churches must be empowered to grow with both spiritual depth and relevance. The Crowns Worship Ministry exists to meet those needs. Our mission is to equip young people with a true understanding of worship, grounded in biblical principles and guided by the Holy Spirit. So far, we have trained over 300 young individuals. This has brought significant transformation in local churches reviving worship, strengthening faith, and building spiritually grounded communities.

Sinuwa and the ABC Trek Valley, a church has been established

THE NEED

A RELIABLE TRANSPORTATION VEHICLE

Road to Dolpa

Renting a vehicle capable of reaching the more remote areas in need is expensive and not cost-effective, often costing over **100,000** Nepali rupees per trip.

To effectively reach training centres and remote mission areas across Nepal, we are seeking a durable, all-terrain vehicle suitable for long-distance and mountainous travel conditions that will provide a more sustainable and cost-effective form of travel.

We are specifically aiming to acquire a Mahindra Scorpio Getaway pickup, a vehicle widely used in Nepal for rugged terrain, off-road access, and long-distance travel across difficult mountainous routes.

Vehicle Overview

The Srong MUV with the following features:

- Strong diesel engine performance suitable for high-altitude travel
- 4x4 capability for off-road and rural terrain access
- High ground clearance for rough and unpaved roads
- Reliable load-carrying capacity for ministry and charity equipment
- Durability in long-distance travel across Nepal's challenging geography

The Need: A Reliable Transportation Vehicle

The training centres are everywhere throughout Nepal. Most of them are far from the mission centre in Pokhara. They are as follows:

Requested Training Locations (Distance from Pokhara)

- Panauti — 231–308 km
- Dhangadhi — 400–600 km
- Nepalgunj — 300–400 km
- Bardiya — approx. 424 km
- Surkhet — approx. 485 km
- Butwal — 150–200 km
- Nawalparasi — 120–160 km
- Chitwan — approx. 135 km
- Gorkha — approx. 170 km
- Lamjung — approx. 150 km
- Tanahun — approx. 80 km
- Hetauda — approx. 200 km
- Dharan — approx. 534 km
- Kerabari — approx. 543 km
- Birtamod — approx. 605 km
- Ilam — approx. 730 km
- Dhading — approx. 300 km
(one day drive)

Akkare Bhir pass in Myagdi

Charity Integration

The vehicle will be registered in the charity's name, and through a partnership with The Crowns, is dedicated to tangibly serving vulnerable families and children through our educational support initiatives and spiritually through worship training

IAHC NEPAL (I ALSO HELP CHARITY)

THIS CHARITY WORKS TO:

- **PROVIDE EDUCATIONAL RESOURCES TO UNDERPRIVILEGED CHILDREN**
- **SUPPORT FAMILIES IN CRISIS**
- **CREATE LONG-TERM OPPORTUNITIES THROUGH LEARNING AND DEVELOPMENT**
- **WOMEN SKILL DEVELOPMENT AND EMPOWERMENT**

A vertical banner image on the left side of the slide. It shows a mountain landscape with a village and a cable car. The text 'Why This Vehicle Matters' is written vertically in white, bold, sans-serif font over the image.

Why This Vehicle Matters

This is not just about transportation; it is about access, impact, and transformation.

With this vehicle, we will be able to:

- Reach unreached and remote communities
- Train and equip more young leaders
- Strengthen rural churches
- Deliver educational support through our charity
- Respond quickly to community needs

ESTIMATED COST

We are currently seeking a second-hand MUV (Multiple Utility Vehicle), with the most affordable reliable option estimated at:

- Lowest estimated cost in Nepal: NPR 15,000,000

Conversion to British Pounds (GBP)

Using an average exchange rate of 1 GBP $\approx$ NPR 170:

Total Estimated Cost: £8,825 GBP

Funding Already Secured

By God's provision and through support from close connections, part of the required amount has already been secured:

- NPR 6,50,000 (£3,840)

Remaining Funding Requirement

- Total Project Cost: NPR 15,00,000 (£8,825)
- Funds Already Secured: NPR 6,50,000 (£3,840)

- **Remaining Need: NPR 8,50,000 (£4,985)**

with current exchange rate £4,250/-

IMG: MANANG AND DOLPA

Call to Action

We are seeking partners, donors, and supporters who believe in this mission.

Your contribution will directly help us acquire a vehicle that will serve both ministry and humanitarian purposes across Nepal.

Together, we can bring transformation to places that are often forgotten but deeply in need.

Closing

This journey began with a vision, and today, it continues with faith, action, and partnership.

The same presence that I felt on that quiet, rainy evening still guides this mission today.

And even now, as this story is shared, that same sense of purpose brings chills.

We invite you to be part of this story.
